

Outdoor Adventures is not your typical PE curriculum.

It is an engaging skills-based K-12 physical education program that can be taught either as a standalone course or infused into your existing PE program. The comprehensive 40+ unit curriculum can be tailored to suit ALL students anywhere in any school, public or private, in North America. Colleges can also use Outdoor Adventures!

Wide range of units including:

- Fishing
- Archery
- Boater Education
- Hunter Education
- Orienteering
- Survival Skills
- First Aid/CPR
- ATV Safety
- Water Safety
- Outdoor Cooking
- Cross country skiing
- Hiking
- Backpacking
- Camping
- Camp Cooking
- Wildlife Conservation
- Quail Conservation
- Paddle sports

Proven to Improve Students:

- School attendance and behavior
- Academic achievement
- Overall well-being including social skills and stress management

Outdoor Adventures is an out-of-school activity solution as well!

- Before and after-school programs
- Clubs and outdoor-oriented organizations
- ROTC
- Clubs and competitive teams in archery, clay shooting, Dutch oven cooking, and fishing

The Outdoors Tomorrow Foundation (OTF) has been at the forefront of outdoor education with its development and implementation of Outdoor Adventures over a decade ago. As a qualified 501(c)(3) charitable organization, OTF is dedicated to teaching outdoor education and promoting wildlife conservation globally.

Outdoor Adventures curriculum is aligned to the National SHAPE America Physical Education Standards.

The curriculum includes:

- Complete scope and sequence.
- Course syllabus.
- 300+ daily lesson plans 6-12th grades.
- Ten units for K-5th grades.
- Many lessons incorporate STEM, cross-curricular opportunities, writing, community projects, and modifications for different learners.

Funding Opportunities

Contact us about suggested resources for funding the program.

Professional Development

Professional development options are available for purchase through the OTF, including full and half-day in-person training and training videos.

SCHOOLS ACROSS NORTH AMERICA
1900+

“Outdoor Adventures enhances the way I experience the outdoors. The course taught me essential camping, hiking, and fishing skills . . . building a strong foundation that continues to fuel my passion for the outdoors. I’m now a junior in college and use these skills every day.”--
Former student

“I would recommend this course to anybody and everybody, for we all have the opportunity to interact with wildlife and therefore have an obligation to respect and protect it.” --Former student

“An outgrowth of the course, has been the start of three different clubs that continue to grow in interest. The archery, competitive shooting, and fishing clubs have become extremely popular for students in our district.”--
High School Principal
